**LISTENING SESSIONS
Department of Conservation and Recreation (DCR) Regulatory Reform**

In March of this year, Governor Charlie Baker issued Executive Order No. 562, which has a stated goal of relieving the Commonwealth from the burden of unnecessary regulation through a statewide regulatory review process. In accordance with the process set forth by the Secretary for Administration and Finance, DCR is holding five listening sessions throughout the Commonwealth (see reverse side of this document) to gather feedback on its regulations. In addition to offering feedback at listening sessions, the public is invited to provide comments on DCR regulations by visiting the A&F portal for comments, <http://www.mass.gov/anf/regreview.html> or www.mass.gov/dcr/public-comment by October 30, 2015. In addition, DCR welcomes comments mailed to the DCR Office of Public Outreach, 251 Causeway Street, 6th Floor, Boston, MA 02114.

DCR's regulations are as follows:

302 CMR 3.00	Scenic and Recreational Rivers Orders

These regulations can be found on DCR's website, at <http://www.mass.gov/eea/agencies/dcr/inside-our-agency/agency-regulations/>.

After all the listening sessions have been held and the comment period has concluded, DCR will review all feedback and determine whether its regulations warrant amendment, rescission, or no change. If a regulation is sought to be amended or rescinded, DCR will follow the formal regulatory promulgation process, which will include a public comment period and, in many cases, public hearings.
